

GRAVITY FALLS

MABEL

Oh, my gosh! Smile dip! I thought this stuff was banned in America.

DIPPER

Maybe they had a good reason.

DIPPER

Oomph!

Ha ha ha!

[Mabel eating candies ferociously]

WENDY

Your sister seems to be going nuts for that smile dip.

MABEL

Uhh. Maybe I've had too much. What do you think?

[Dog saying gibberish]

DOG

Would you like to eat my candy paws?

MABEL

Of course, you little angel.

[Mabel chewing]

DIPPER

Mabel, I need your advice. We're hanging out in a haunted convenience store, I can't get ahold of Grunkle Stan, and if I try to say anything about it to any of these guys, they'll just think I'm a scared little kid or something.

[Mabel gargling]

Mabel?

MABEL

The future is in the past! Onward, deoshebah!

[sounds of whips, dolphins whistling & cars alarms]

DIPPER

Mabel! How many of these did you eat?

MABEL

Eleventeen.

DIPPER

Oh, man. Oh man, oh man, oh man!
